Dear Supporters

We have formed a group in opposition to the proposed high density tower block development proposed for the old Chelsea barracks site.

Our aims are to

- a) **BRING DOWN THE HEIGHTS**
“Latest proposed designs” released on 18/02/2009 still have 100 feet high buildings. See our website “latest news link” for pictures of latest proposal and reverse for image.
- b) **TRY TO PRESS FOR A NEW DESIGN**
More in keeping with the conservation area of Belgravia
- c) **KEEP THE HISTORICAL CHURCH FOR A COMMUNITY HALL**
Would you like to see the interior? Either go to our website www.chelseabarracks.org.uk or telephone to make an appointment for a visit. We already have an organisation interested in using this for lectures, dance and music activities

WHY SHOULD YOU GET INVOLVED?

TRAFFIC AND PARKING ISSUES

There will be serious traffic repercussions in our ward from the estimated 3000 new residents in the area that will be using the existing roads. There are no new roads in the development plan so far. We are also concerned that there will not be adequate parking provided and as we all know there are problems in this ward already.

YOUR LEGACY FOR FUTURE GENERATIONS

This steel and glass high density development will alter the whole atmosphere of our iconic part of London and many have predicted that it will become the slum of the future. Whilst we all expected a modern development we were expecting some link with the historical Victorian architecture surrounding the barracks site and opposite the classical design of the new infirmary of the royal hospital.

**IF YOU WANT A VOICE OR WANT TO BE KEPT INFORMED OF PROGRESS,
PLEASE CONTACT US TO REGISTER YOUR NAME ADDRESS AND / OR EMAIL.
PLEASE PASS THIS ON TO ANY FRIENDS AND NEIGHBOURS.**

TIME IS OF THE ESSENCE

We understand that the developers will be resubmitting their design at the end of February / beginning of March and we will be arranging some large meetings for you to attend to discuss their amended plans and hear your views.

We have the support of Kit Malthouse, Deputy Mayor of London. We would like your support too.

Yours sincerely

Chelsea Barracks Action Group
